***All** dues are subject to 3% annual increase; dues structure is subject to change.

Membership Benefits

CWC Membership brings great value for all water professionals. As a CWC Member you can:

- **Make a difference in the state's water policy-** You can contribute to the well-respected voice of the Water Congress in state and federal legislative sessions. This is your opportunity to play an active, key role in advancing a positive outcome for Colorado water.
- **Attend the state's premier water events at a greatly reduced rate-** CWC members are offered discounted rates to our Annual Convention and Summer Conference. These events provide a platform for professionals to learn about important issues, current legislation and the latest developments that affect water users in Colorado and beyond.
- **Become a leader in your profession-** Members can serve on committees including State and Federal Affairs, Water C21ality, Endangered Species, **POND** (Professionals Outreach, Networking and Development), and our Board of Directors. Committee meetings offer an open forum for members to discuss and take a position on current water legislation and issues. This is your chance to leave a personal and professional legacy.
- **Expand your knowledge base and develop your career-** CWC offers member-only educational and professional development opportunities. Participate in workshops and webinars with topics that include water law, ethics, storage, and communication skills.
- **Become a part of the Colorado water community-** By joining, you will enter into the largest organized water community in the state. CWC membership provides opportunity for networking with water professionals of all disciplines and provides ample opportunity to give and receive support for your organization/business.
